

Trip Report

Oronogo-Duenweg Mining Belt

September 23, 2019 – September 26, 2019

From: Daniel O’Crowley, Field Technician, SUPR/LMSE

Do 10/4/19

Through: Preston Law, Branch Chief, SUPR/LMSE

To: Record Center – Site File (Oronogo-Duenweg Mining Belt)

Trip Purpose:

- Contractor oversight at Oronogo-Duenweg Mining Belt OU-1

Results:

Oronogo-Duenweg Mining Belt OU-1

September 23, 2019

- EQM not hauling waste due to wet conditions. EQM worked on clearing/grubbing at MW-19-3 and stockpiling clay at Snoball.
- Daniel O’Crowley checked stormwater features at MW-26, MW-14, and Snoball.
- Daniel O’Crowley discussed stormwater features with Jason Smith (EQM). EQM planning on rip-rapping spillway at MW-26, repairing Wald retention pond dam, and diverting flow at MW-14 to culvert under Peace Church Road.

September 24, 2019

- EQM hauling waste along powerlines on Snoball, clearing/grubbing at MW-19-3, and reworking slopes at Gypstack repository. EQM shut down for part of the day due to lightning.
- Daniel O’Crowley visited Jasper County Records Office to check whether an environmental covenant was ever put in place on the property where East 17th Street Repository is located.

September 25, 2019

- Daniel O’Crowley, Steve Kemp (EPA), Todd Campbell (EPA), and Liz Hagenmaier (EPA) attended the Trustee Council of Tri-State Meeting in Miami, OK.
- EQM hauling waste along powerlines at Snoball, clearing/grubbing and pushing waste down shafts at MW-19-3.
